

## 2024 Timetable

The AOD Collaborative ECHO is a partnership between Goulburn Valley Health, Turning Point and VAADA. This ECHO program aims to enhance the capabilities of AOD workers in addressing substance use issues among their clients. Conducted under the guidance of Turning Point, each session commences with a presentation delivered by a Turning Point expert or a related professional, focusing on a specific topic. Participants in this online, real-time program will be able to:

- Acquire new approaches and skills
- Engage in thorough case consultations
- Receive feedback and recommendations
- Contribute their expertise to a community of colleagues
- Earn CPD points (self-managed)
- Get to know colleagues across the state

Where: [online via Zoom \(click to register\)](#).

When: Timetable on next page, 12:30 - 1:30 pm on the day

### How to register for notifications

You don't have to sign up for an Elevate! account to access ACECHO, just click on the link to launch the meeting.

To receive updates on ACECHO and access resources:
